The Fountain 29 Fever is as at home on the local lake as it is offshore, with an aggressive deadrise to provide a smooth ride, and predictable handling. This is a classic Fever, built before the advent of the step technology that was incorporated into the line starting in 1995. The TRS drives are bulletproof behind the 550 horsepower Jim Benning built 496CID big blocks, and BAM 7-Disk transmissions. The owner has meticulously maintained this boat in AMAZING condition, and it was last service in August of 2019. If you're looking for a great value on a classic Fountain Powerboat, this may well be the boat for you. Contact us for more information on this timeless beauty.
